The Result in this State.

We are unable to inform our readers who is the Governor elect of this State. Although some twelve days have elapsed since the election was held, so close is the vote that nothing but the official returns can decide the question. Our figures, reported and official, put Judge Randall nearly 700 ahead, with only five counties to hear from. But in the 14 counties from which we have, as yet, only reported results, the official returns may vary the vote several hundreds. While, therefore, we entertain strong hopes that we have elected our candidate for Governor, and one or two others on the Republican State ticket, it is not to be denied that there is still an equal chance for the success of the Democratic candidates.

The Legislature, we are glad to say, is Republican in both branches; in the Senate by 6 majority, in the Assembly by 7, and 13 on joint ballot.

14 " Reported,	1049	1084

Randall ahead on the above figures 694. Five Counties to hear from which will give Cross some 2 or 300 majority. The rejected towns in Jefferson will add 325 more, leaving the result a very close thing, and still in great doubt.

Comparative Vote of the Different Candidates.

As the election seems likely to be very close, we have taken the pains to foot up the majorities for the different candidates in 24 counties, in which we have the official figures for all of them. The result is as follows:

Randall	leads	Cross	1,429
Schurz	"	Campbell	1,422
Jones	"	Thomas	592
Hastings	"	Habich	1,373
Jackson	"	Bouck	782
McMynn	"	Draper	1,011
McGregor	"	Sqires	619
MacGraw	"	McGarry	1,013

The comparative standing of each candidate on his own ticket in the above mentioned counties is as follows:

Republican.	Democrat.
1st. Schurz	Jones.
2d. Hastings	Bouck
3d. McMynn	Draper
4th. Randall	Squires
5th. Jackson	Campbell
6th. McGregor	Habich
7th MacGraw	Cross
8th Thomas	McGarry.

Bad Ax County.

We have just received from W. C. McMichael, Esq., Clerk of the Circuit Court in Bad Axe County, the following election news from that county:

Republican State Ticket 160 majority.
Flint, for Senator, over Tucker, about 50.
McMichael, for Assembly, over Savage, 150.
And five polls to hear from that will increase the Republican majority.

The Republicans have elected Register of Deeds, Treasurer and District Attorney, certain. Sheriff (independent) Clerk of Board, Democrat, and the balance of the county ticket doubtful.

This makes quite a change in Randall's favor, as this county has been claimed for Cross. Our informant thinks Randall's majority in the county is about 200. McMichael is undoubtedly elected to the Assembly, which insures that body to the Republicans.—*Madison Journal.*

LA CROSSE & MILWAUKEE R. R.—THE LAND GRANT.—The Washington *Star* states that the map of the definite location of the La Crosse & Milwaukee Railroad, in Wisconsin, from Madison to St. Croix Lake, filed by the Company a short time since, has, with the concurrence of the Secretary of the Interior, been accepted by the Commissioner of the General Land Office as the basis of the adjustment of the land grant for that work, under the act of June 3, 1856, and to be laid down upon the official maps.

☞ GERRIT SMITH is still very ill in New York City with typhus Fever. He is under the care of Dr. Edward Bayard. His physician gives Mr. S's friends assurances that he will recover, though his restoration to health will be slow.

GEORGIA SENATOR.—Senator TOOMBS, formerly a Whig, then of the Union party, and now a Democrat of the fire-eating sort, has been re-elected as Senator from Georgia. The present term of Mr. TOOMBS ends on the 4th of March, 1859.

CITY MATTERS.

OUR BINDERY.

It is getting to be generally understood that we have attached to our office a Book Bindery, thoroughly fitted with the various implements, used in the trade, and furnished with workmen abundantly skilled in their use, while our stock of material is large, and carefully selected. Any orders for Book Binding, in styles to suit the taste of the customer, will be executed with dispatch, and at rates to suit the times. Blank Work, Checks, Ruling, and the various other work of a Bindery, can be done to order in the best style.

We particularly invite the attention of customers to a set of books which we have just completed, and which may seen at our Counting Room.

POLICE COURT, Nov. 14.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

DISORDERLY.—George Smith and Michael Gartes, fined $5 each; Frances Riley found not guilty.

Frederick Fraskey, fast driving on bridge, not guilty.

William Burkhart, charged with being disorderly, case continued to 16th inst.

BENEFIT AND POSITIVELY LAST APPEARANCE OF THE YANKEE COMEDIAN.—There is an excellent bill offered at the Metropolitan Theatre this evening, for the benefit of Mr. R. J. Miller, the Yankee Comedian, who has made so much fun for the public during his short engagement at the theatre. There are three good plays on the bills, in each of which Miller takes a prominent part—Messrs. Johnson and Mulholland also appearing, sustained by the whole Company.

Mr. Miller is one of the best comedians in his way in the land, and those who neglect going to the theatre this evening will miss a treat, and lose the enjoyment of a hearty laugh.

INFORMATION WANTED!

Of the whereabouts of some $50,000, said to have been borrowed by Mayor CROSS in New York, shortly before election, to complete the Harbor and the School Houses. As this money has never reached the City Treasury, nor come into the hands of the Harbor and School House contractors, serious apprehensions are entertained that it has miscarried, or that the loan fell through. A liberal reward will be paid for the recovery of the money, if the first supposition be correct, or for definite information in regard to the loan.

MANY CITY CREDITORS.
MILWAUKEE, Nov. 13th.

LOSSES BY THE LATE FIRE.—In speaking of the late fire we gave it as our opinion that Mr. F. M. Lane's insurance would cover his loss. His loss however, is heavier than we at first supposed.—His stock of paints, oils, &c. were, we are informed, at the lowest figures worth $2,000 and his insurance being but $500 he loses therefore $1,500.

Mr. Crouch, undertaker, saved most of his stock with slight damage, but lost all his furniture, besides an addition which he had put to the building, making his loss in all about $800. The building which he occupied was worth about $1,000.

It is not entirely destroyed, however, and Mr. C. has already commenced repairing it, and will resume business there in a few days. R. R. Haslem, hat and fur dealer, lost his entire stock and furniture, but his entire stock and furniture, amounting to about $2,500; no insurance. His store, and also that occupied by Mr. Lane, were owned by R. N. Benton, and are completely destroyed—loss about $1,000. A small auction store was also consumed, but the loss was trifling. The entire loss by the fire is estimated at from $7,000 to $8,000.

A CALL FOR CHARITY.—The Wisconsin of Saturday evening notices the fact that the occupant of one of the stores consumed by the fire on Friday night, Mr. R. R. Haslem, is left with a wife and three children in the most destitute condition, by the destruction of his property.—He lived over his store, and with his entire stock of goods, all his household furniture and every garment of his own and family's clothing was destroyed, which, in all, makes a loss to him of about $2,500. Not having any of his property insured, this loss is an almost irreparable one to him these hard times, and he is now left destitute without any means of supporting his family, unless his friends and the charitable public do something towards aiding him to resume his business. We are gratified to hear that a subscription has been set on foot for the purpose of giving him a start in business again, and we trust our citizens will respond to this call with their usual liberality. Mr. Haslem, we learn, is an honest and industrious man, and by hard work had built up a snug little business, and won the confidence and respect of those who knew him.

THE THEATRE.—On Saturday evening, the very romantic and and amusing play, entitled "Captain Kyd" was admirably rendered at the Metropolitan Theatre. We were sorry to see a small house, for extra pains had been taken by the manager, in procuring scenery, &c., which is required in rendering this play; but notwithstanding the slim attendance, the play was performed with a spirit worthy indeed of a more liberal patronage. All the characters, in this play, were better represented, than any which has yet been presented at the Metropolitan, and the few who were present enjoyed it hugely as they testified by continued applause.

Mr. Mulholland, as Captain Kyd, played with his usual spirit, and Mrs. Miller as the "*Witch of Hell Gate*" did remarkably well. McFarland is bound to give us some good acting, whether it pays or not.

OYSTERS.—Our enterprising friend Frank Raymond informs us that he is now receiving, at his depot, No 16 Wisconsin st., the largest, sweetest and nicest Oysters ever before offered in this market, which he is selling, wholesale and retail, at the lowest prices. In fact, he defies competition, and is bound to sell as cheap as the cheapest. Give him a call.

AUCTION AND COMMISSION.—Messrs. E. BUTTERFIELD & Co. announce, in our advertising columns, that they have opened an Auction and Commission house at No. 23 Spring street, where they will attend to all business in their line, make advances on consignments, &c. Mr. BUTTERFIELD has a natural turn for this business, and will attend promptly to all orders sent to him.

☞ NOTICE.—Mr. Crouch wishes us to say that he will be found at his old shop, to attend to any calls, having saved most of his stock from the fire Friday evening.

Business and Politics.

The *Free Democrat* states that men will patronize the Printing Establishments which do their work on the most reasonable terms.

The *Daily News* says they purchase their Dry Goods and Groceries on that principle.

If this principle is to govern our citizens generally, *we* shall soon have a large increase of Business; for we have the largest stock west of New York, which we are offering at *much lower rates* than any other house in the west.

We will duplicate any Bills made in the Eastern cities.

An impression exists that we are doing exclusive a wholesale business. This is a mistake.—The retail purchaser can be accommodated with any quantity he needs, and can save money by buying from us.

We have *everything* ever kept in a first class Book and Stationery Store, and do Binding, Blank Book Manufacturing and Printing, promptly and well. Try us.

COMPARATIVE FIGURES.—The receipts by railroads for the corresponding week of last year were 4,685 bbls flour, and 59 898 bus wheat.

The shipments for the same week were 15,344 bbls flour, and 257,165 bus wheat.

Prices quoted for same date last year were br—

Wheat—89@95c for No. 1 spring, 95@1,00 for winter.
Barley—1,10@1,20.
Oats—39@40.
Corn—45@50.
Potatoes—56@63.
Pork—dressed hogs 5,00@5,50.

Business in produce, as to flour and wheat, has been pretty active during the week for the times, and shipments have gone on with diligence. Receipts have been quite large, as will be seen by our figures, but the produce comes forward too late. If the same amount had come forward three weeks ago, we should have felt a decided relief in business matters, while better prices would have been realized. Within the last three days, owing to the fear of shippers that they will be unable to get their consignments through the canals this fall before the closing, and to the decline in prices in New York, rates for wheat have fallen decidedly here, as will be seen by our prices below:

Money Market.

BANKING AND EXCHANGE OFFICE OF BRIDGE BROTHERS,
166 EAST WATER ST., MIL., Nov. 14, '57.

"Nero fiddled while Rome was burning," and it is always better to laugh than cry at all disasters. But seriously speaking the present position of our State and Federal finances is anything but ludicrous. Affairs at the East are assuming a more solid basis, but the ease with which money can be obtained does not show in a different light. Lawyers are now reaping a harvest all over the country, instead of brokers, in the numerous suits both on notes and mortgages. In fact their business is the most profitable of any.

Some good outside paper can be negotiated at 5 per cent, but even that is hard to effect.

The demand for gold has rather fallen off within the past week. We account for that from the fact that most of our merchants who have been heretofore the largest consumers of gold, having paid their liabilities, the demand now comes from a few ignorant persons who desire to turn their hard earnings into specie.

Our own merchants have pursued the course of returning their notes in New York even at the expense of buying coin at exorbitant rates, and this is due to them to say, that while other communities have failed to pay their debts to a very large extent, our own city merchants showed their ability and willingness to pay all their paper as fast as it matured.

Navigation will soon close, and with it nearly all business, except of a local character. We must anticipate a close winter, and try more to save what we have, than attempt to increase our store.

Merchants are mostly selling for cash, and that is their only safe course to protect themselves.

We are selling gold at 7 per cent.

Exchange 8 per cent.

Land warrants as last week. We buy selected lots of uncurrent when offered—the margin being too great to allow us to issue a list.

VESSELS ASHORE—WEATHER AT THE STRAITS.—Capt. Richardson, of the prop. Ogdensburg, arrived on Saturday, reports two vessels ashore in the Straits near Mackinac, besides the *Oliver Lee*—one of them belonging to the L. N. Co., which did not seem to be badly on, the other a Canada vessel, loaded with wheat, which was almost gone to pieces. The tug *Sailor* was at Mackinac, but unable to get to the vessels on account of the weather, which was very severe. A heavy snow-storm had fallen, giving the people good sleighing, with full eight inches depth of snow.

Disasters.

☞ Much excitement is felt regarding the fate of some vessels long past due at this port; as also regarding the schooner which foundered on Sunday last.

SCHR FALCON ASHORE.—Mr. Myzoon, mate of the propeller Wenona, informs us that the schr. Falcon went ashore at the South Manitou island on the 5th inst. She is high and dry.

The Falcon is owned by G. Gray of this city—worth about $3,000.—*Chicago Press, Saturday.*

☞ The largest cargo of the season was brought to this port by the propeller Globe a day or two since—it consisted of 5,000 bbls flour and 5,000 bus wheat. She could have carried 100 tons more.—*Buff. Com.*

☞ The Express this morning gives the following statement of the accident to the schooner D. Newhall, which sank in the creek yesterday afternoon with a cargo of 5,500 bu corn consigned to Fish & Avery, and G. S. Hazard. As she was coming into port, she broached to at the mouth of the harbor in consequence of the strong current in the creek and ran her nose on to the west pier which caused her to leak so badly that she sank soon after making fast near the foot of Commercial street. The cargo was insured in a Toledo office. We were unable to learn whether the vessel was insured or not.

The advantage of a forecastle water-tight bulkhead was clearly shown in this case. Had the D. N. had one as required by the Board of Lake Underwriters in A 1 vessels, this schooner would not have sunk, nor even wet her cargo. The cost additional would not exceed ten dollars.—*Ib.*

CAPTURE OF DELHI.

Financial Crisis in Europe—One Million Dollars in Specie.

NEW YORK, Nov. 13.

The steamer Arabia from Liverpool with dates to the 31st ult., arrived this morning.

She brings advices from India, and the news of the capture of Delhi after a conflict lasting six days.

She brings $1,000,000 in specie. Among her passengers is Sir Gore Ousley, the newly appointed British Minister to Central America.

J. B. Roberts, the American Tragedian, has been playing a highly successful engagement at Manchester.

The American horses, Prioress and Babylon, have both been badly beaten in the race for the Cambridgeshire stakes.

The Borough Bank of Liverpool, suspended on the 26th ult. The liabilities are estimated at a million and a half sterling, but are fully secured.

Several Liverpool firms have suspended, and a number of the strongest firms at Manchester have also gone.

The steamship City of Washington and the Fulton, from N. Y., had arrived out.

From India the mail brings important intelligence.

The British troops assaulted Delhi on the 14th of September, and effected a lodgement, and after two days obstinate resistance, had, on the 20th, obtained possession of the entire city.

Great numbers of the mutineers escaped—among them the King of Delhi and his two sons.

The British had lost in killed and wounded up to the 16th were six hundred in all, including fifty officers.

General Wilson had ordered no quarter to be given, but that the women and children should be saved.

General Outram had reinforced General Havelock at Cawnpore. The latter had started for Luckno, at which place the garrison had held out gallantly.

Fears were entertained of a new outbreak at Ausam—a conspiracy to restore the Ex-Rajah has been discovered.

The news from the Bombay Presidency are favorable, although a few cases of dissatisfaction had occurred.

A serious plot has been discovered, to murder the Europeans at Turrachel, but had been thwarted.

Considerable reinforcements have arrived at Calcutta.

The markets are dull at Calcutta, but active at Bombay.

ENGLAND.—There has been a large number of failures, including Thornton, Higgins, Ward & Co., of Manchester, with liabilities amounting to £500,000; W. & H. Brown & Co., of London, in the American trade, with £140,000 liabilities; Chas. Smith & Co., of Manchester; Jas. Condie, of Perth, £180,000 in liabilities. Lord Ousely goes as special Minister to Central America by way of Washington.

The failures announced yesterday are John Halty & Co., in the New York and Canada trade, J. Jaffrey & Co., insurance brokers. Both failures were caused by the non-receipt of remittances from America.

It is confidently believed in business circles that the financial crisis is past.

SPAIN.—The Spanish ministry has been organized. Gen. Armero is Minister of War and President of Councils. Mr. More is Minister of Finance. M. M. Isla Rosa is Minister of Foreign Affairs.

The American ship North Wind had put in dismasted.

Teas had considerably advanced at Hong Kong.

FURTHER BY THE STEAMER—ENGLAND.

The dates by the Indian mail are to Calcutta Sept. 25th, and Bombay to Oct. 3d.

The assault on Delhi was commenced on the morning of the 14th Sept., the seige train having previously reduced the bastions and curtains against which its fire was directed.

The attack was made in four columns, of which the one composed of the Cashmere contingent was repulsed, the others were successful. An entrance was made at the Cashmere Gate, to the north of the city, and an advance was made along the ramparts to the Cabul Gate, where an obstinate resistance was made by the mutineers.

The next day the British commenced firing on the magazine, and stormed that position on the 16th, capturing 125 pieces of cannon.

The official dispatches end at this point, but intelligence, on which full reliance is placed, had been received, to the effect that after three more days fighting, the British troops took possession of the city. Loss of the British in killed and wounded, is stated at 600 men, including 150 officers. The slaughter among the mutineers is believed to be great. No estimate is given.

The English cavalry had moved forward to intercept the fugitives.

Scindia, it was reported, was raising 15,000 men to intercept the fugitives.

One hundred and fifty prisoners, taken by Gen. Neil at Cawnpore, are said to have been liberated by the Government.

It is also said that the Supreme Council had sent up the disturbed districts one of its members to control its generals in command in the execution of martial law. The temerity of the government was strongly condemned, both in England and in India.

The money article of the *Times* says the entire suspension by the New York and Boston banks is the most satisfactory announcement that could have been looked for. The papers generally regrad the matter in much the same light.—On the stock exchange the news was first regarded as unfavorable, and consols opened at a decline, but this was more than recovered and on the capture of Delhi becoming known the market became very firm. The demand for discounts at the bank was excessive under the apprehension of another rise on the rate but none took place.

The Western Bank of Scotland had been in difficulty, but would receive full aid to meet it. It is stated that one of the conditions under which aid was forwarded, that the bank should ultimately wind up. Its deposits amount to six millions.

On Friday the stock market was active at an advance. Money in good demand at about 8 per cent. The bullion in the bank had decreased £154,000.

The Siamese embassy had arrived in England, and were attracting much attention.

Several shipwrecks had occurred on the Eastern coast of England. The ship Ontario was lost, with 23 lives. The American ships appear to have suffered.

Charles Sumner was to leave for the United States in the Niagara on the 17th inst. His health was greatly improved.

FRANCE.—The question of the suspension of the Bank of France was under discussion. The government had determined not to sanction it.

Negotiations are going on between France and England for exchange of territory in India. It is proposed that France should give up her possessions in Chinderagore, receiving as an equivalent a portion of territory near Hendichenny, Italy.

MILWAUKEE:

MONDAY MORNING, NOV. 16.

PROCLAMATION.

FOR a year of singular fruitfulness; for the continued blessing of peace; for immunity from pestilence; for the favoring providence that has cast our lot in this pleasant land; and for all the manifold tokens of the Divine Bounty vouchsafed us, a common sentiment of unfeigned and heartfelt gratitude, must pervade every breast.

From an early period in our colonial history, in most of the States, a day has been designated, annually, for purposes of public thanksgiving and the acknowledgment of the good gifts of the Common Benefactor; and in compliance with this appropriate and time-honored custom, I hereby recommend that Thursday, the twenty-sixth day of November, be thus observed throughout the State.

In testimony whereof, I have hereunto subscribed my name, and caused the great seal of the State of Wisconsin to be affixed.
L. S.

Done at the Capitol in Madison, this sixth day of November, one thousand eight hundred and fifty-seven.

By the Governor, COLES BASHFORD.
D. W. JONES, Secretary of State. nov11td

Slavery in Kansas.

Shortly before the election, the *News*, in discoursing about matters in Kansas, made the following very positive averment:

As all idea of making Kansas a slave State was *long since abandoned by not only the Pro-Slavery party there, but also by the whole South*,—and more, as nine-tenths of the citizens of Kansas are free State men,—we do not see that the slavery question is in issue:

The recent proceedings of the Constitutional Convention (exclusively "Democratic") in Kansas is an all sufficient answer to the above assertion. They have adopted, almost unanimously, the article establishing slavery in Kansas, and, according to the last accounts, had decided *not* to submit the Constitution to the People, hoping with the help of Congress, to *force* it upon them, willy nilly.

The Sentinel and City Taxes.

We do not know what the "Sentinel" expects to make, by treating the subject of City Taxes as a political question.—*News* of Saturday.

The *Sentinel* expects and hopes to make the Tax Payers of Milwaukee appreciate the cost of a political City Government, and realize the necessity of speedy reform in this important particular.

PUBLIC DOCUMENTS.—We are indebted to Gen. DODGE and Senator DOOLITTLE for several valuable Public Documents, among them the three volumes containing the reports, maps, &c., of the different surveys for a Rail Road to the Pacific.

DAMAGE BY THE RAINS.—The Montreal *Commercial Advertiser* says that the amount of damage done by the recent freshet in the townships bordering upon the State of New York, between the St. Lawrence and Lake Champlain is enormous. Nearly a hundred bridges have been swept away or seriously damaged; much injury has been done to mills and dams, and large quantities of produce destroyed in barns and stocks. The water in the Chateauguay, Trout and other rivers rising in the New York Mountains rose to a height never before witnessed, and overflowed their banks submerging miles of the flat country. Cattle were drowned in the stables, houses were flooded to the depth of several feet, the inhabitants being driven to the upper stories, and all communications were cut off for several days.

MEDITERRANEAN TELEGRAPH.—The expedition for laying the submarine telegraph to connect England with Malta and Corfu, via Sardinia, left Liverpool for the Mediterranean lately. The cable is about 920 miles in length. The government have contracted to pay for the transmission of their official "telegrams" and those of the East India Company, an annual sum of $7,200 for twenty-five years.

☞ The Montreal *Gazette* is glad to learn that about fifteen ships of the ordinary tonnage, will be built during the coming winter at Quebec. This will give a large amount of employment to artisans and others, and be a seasonable relief to many, who would have to encounter severe privations during the winter.

CHANGE OF NAME.—The name of the Post Office, formerly called *North* Pepin, Dunn Co. in this State, has been changed to Pepin.

TREMPELEAU COUNTY.—The Fountain City *Herald* says:

We have received returns from two towns in Trempeleau county, which have both gone Republican—one, the town of Arcade, in which there are 37 voters, all Republicans, but owing to the distance some of them resided from the polls, only 15 votes were cast, which were all Republican. The other is the town of Trempeleau, the home of Hon. S. D. Hastings, which gives him a vote of 18 over the ticket, and 121 over the Democratic candidate. Randall's majority is 101. The county will give a large Republican majority.

TOBACCO IN CONNECTICUT.—A convention of Connecticut Tobacco Growers was held last week in Hartford. Resolutions were adopted endorsing the warehouse system established in that city; providing for the organization of town societies, whose presidents shall form a Board of Directors, and take the entire control of the warehouse. Also, the following:

Resolved, That the experience of five years has fully demonstrated that it is in our power to establish an *open market* in our midst, and that by concentrating the entire crop at *one point*, and to *one point only*, we shall as easily concentrate the *entire trade to that point*, and thereby establish an open market as well for those who desire to sell early, as for those who can afford to hold over, and by which the *market* price can be obtained, instead of the speculators price.—*Cour. and Enquirer.*

The Steamship Great Eastern.

The editor of the Utica *Herald*, who is now in England, thus describes this leviathan of the deep. He says:

I have seen the Great Eastern. I assure you that no description can convey a just idea of her gigantic magnitude. Standing upon the bank of the Thames, high and dry, her immense bulk entirely visible, and presenting her broadside to the river, she seems more like some monster of fairy tale than a living prosy product of human brain. Every other object, even the river, is dwarfed beside her. Standing at her keel (if she had one) and looking up to her bulwarks, is very much like looking up to the dome of St. Paul's. The people walking the deck are dwindled to mere pigmies, while the saloon windows appear mere black specks. You ascend to her upper deck by a series of stairways which tries your mettle somewhat, and as you gain the top and look down, your head reels over the dizzy distance. Standing at one extreme of the ship and looking toward the other is like looking over a large field of iron deck. If you commence at one extreme and walk until you have performed the circumference of the deck, you will find that you have traversed one quarter of a mile. I will not trouble you with details of her size further than to remark that while the tonnage of a first class merchant packet is from 1,000 to 1,500, hers is 22,000! that her length is 680 feet and her breadth 83 feet; that 10,000 tons of plates of iron, and three millions of rivets have been used in her construction; that she has four decks and 400 feet length of saloons; that the diameter of her cylinders is six feet; that she has ten anchors, weighing an aggregate of 583 tons; that she has ten boilers and one hundred and ten furnaces; that her paddle-wheels will be propelled by four engines with cylinders of fourteen feet stroke; that she has moreover a screw propeller, of twenty-four feet in diameter, with a shaft of 160 feet in length; that her passenger accommodation is 800 first class, 2,000 second class, and 1,200 third class; that her crew will consist of four hundred men; that her sails are to be hoisted and her anchors heaved and weighed by steam engines; that she is to have six masts, and that she is to manufacture her own gas on board. She has no keel and will have no bowsprit.

So far from looking awkward and unwieldly she is one of the finest models I have ever seen. If she is only launched safely I have little doubt of her success as a sailer. It is not possible that she can be launched for several weeks yet, the averment of the *Times* to the contrary notwithstanding.

SIR COLIN CAMPBELL.—The Paris correspondent of the London *Post* supplies the following information respecting the movements of Sir Colin Campbell, in India:

It is positively asserted in official quarters that Sir Colin Campbell left Calcutta on the 11th of September, to place himself at the head of a European force which the Government had provisioned with every description of marching material for a campaign which, it is calculated, would last eight months. At some appointed spot near Calcutta, these extensive stores were rapidly collecting, and the advance guard would set out immediately. Of course no one pretends to know Sir Colin's plans, but he is said to have communicated with the heroic bands who are holding their grounds at Delhi and elsewhere, and that combined movements have been decided upon.

Delhi is 790 miles from Calcutta, and as the season is not favorable for marching, the immediate effect of Sir Colin's plans will only tell in a moral point of view on the enemy. It is believed here that the insurgents have already made overtures, but entirely failed, it being the intention of the commander-in-chief not to accept any negotiations whatever with the King of Delhi.—It is also the opinion of foreign spectators that the Sepoys have certainly been assisted by Europeans in their movements; but as they fail to make any impression when opposed to us, a well considered attack fails from want of pluck. Repeated failure has produced much discouragement, and I am told it is said in a late dispatch from Calcutta, that an opinion is gaining ground to the effect that as Sir Colin's army advances the insurgents will disperse, and abandon Delhi for the mountains.

CLOSE OF NAVIGATION ON THE MISSISSIPPI.—The McGregor *Times* says:

The weather here is quite wintry and the prospect of an early close. Lake Pepin will be impassable on the 20th, and hence St. Paul may be considered out of the world. The Key City went up on Saturday, and we suppose she will scarcely make another trip. The Ocean Wave one of the Prairie du Chien packets, and the City Belle, bade us good bye on Sunday morning, and steamed south for Galena head-quarters. Boats will run for some weeks yet as far as the foot of the lake, but as freights are light, there will be but little inducement to run the risk of being frozen in for the next five months. Navigation on the Mississippi is drawing to a close.

From the Washington Republic.

Arizonia.

Lieutenant Mowry, it seems, has procured an election as delegate to Congress from Arizonia, and would be very glad to pocket some twenty thousand dollars as *per diem* and mileage in that capacity.

This Lieutenant Mowry has furnished several articles to the Washington papers during the past summer, setting forth the immense importance of Arizonia. He also attended the Knoxville convention, where he made a magnificent speech upon the same subject.

The Lieutenant has never marked the white population of his pet territory above six thousand, and this is doubtless a great exaggeration.

The *Union* publishes a letter from S. M. Yost, dated "Santa Fe, September 30, 1857," from which we make the following extract:

"I have been kindly permitted to examine the official report of the Gila expedition, but have not time at present to give you a synopsis of their contents. The country in which the expedition operates is included in the Gadsden purchase, and is a portion of that which will form the territory of Arizonia, if ever created. The representations I have seen in some of the southern papers of the mineral wealth of this country are in a great measure erroneous. There are some old silver mines there that have been worked for many years, and made bankrupts of numberless speculators. Indeed it is nothing more nor less than profligacy for men to ask for a territorial government for the Mesilla for years to come yet. It will only be a useless expense to the government. There are some fertile spots of land in the region traversed by Colonel Bonneville, but generally unfitted for the habitation of the white man. The movement for a new territory is the work of a few political mountebanks, and never will eventuate in any good."

The creation of the proposed new territory would be a barefaced political job, but may be carried under the great pressure for new offices. The governorship, secretaryship, judgeships, with the moneys to be disbursed for courts, public buildings, &c., make up an amount of attraction which is almost irresistible. Nothing will defeat it but the condition of the treasury.

REVOLTING SPECTACLE.—The city of Richmond in Virginia, as our readers are aware, is delightfully situated, and is one of the most beautiful cities in the Southern States. It is the capital of Virginia, and boasts of its wealth, refinement and intelligence. Richmond is one of the largest slave marts in the United States. Men, women and children are sold to the highest bidder, the amount of millions of money, every year.—Every week this horrid traffic is carried on, separating families, and filling many habitations of the poor and oppressed with indiscriminate anguish. A slave mart is a dreadful sight; once seen, the impression of it will never be forgotten. But there is a place in Richmond more revolting even than this. It is the rail road depot the morning after a sale, when the miserable slaves who are to be sent South are brought together to take their departure. The friends of the poor creatures, the fathers and mothers, brothers and sisters, aunts, cousins, &c., come down to bid them a final farewell. If a man has any sensibilities, they will be thoroughly moved, as the cries and groans and wailings of these slaves fill the air. This occurs every week, sometimes nearly every day in the week.—*Lowell Courier.*

VALUABLE OLD PAINTINGS BROUGHT TO NEW YORK.—Mr. Belmont, our late Minister at the Hague, has sent to New York, what has been pronounced the best collection of paintings by modern artists, with which our country has yet been enriched. The presence of such a collection, accessible—as, no doubt, it will be liberally rendered,—to all respectable artists and amateurs, cannot fail to prove a lasting public benefit. Mr. Wm. H. Aspinwall, long distinguished for many merits of which the United States are reaping the fruits, has sent home about one hundred and twenty sterling specimens of the Italian, French, and Spanish old masters. They are so avouched and warranted, and were obtained from sources so sure, that of their genuineness and worth no doubt can be entertained. He procured a beautiful head by Correggio from the gallery of the Duke of Cosano at Naples, and a full length portrait by Vandyck from the Durazzo palace in Genoa. The gem of the gallery of the deceased King of Holland, William II—was the Virgin of Murillo, that which the French government purchased for the Louvre, at sale of Marshal Soult's pictures. The Murillo of the Hague was purchased there by Mr. Aspinwall at a large price. He bought from the same gallery two oval Claude Lorraines, which have a European renown.

FROM KANSAS.

Mr. Randolph's Speech on Slavery.

—Correspondence of the Missouri Democrat.

LECOMPTON, Oct. 30.

While the report of the committee on slavery, (which I sent you the other day) was under consideration, the following speech was made by John Randolph, of Atchison. This John Randolph is not of Roanoke, but came to Kansas from South Carolina:

"MR. PRESIDENT:—What does the gentleman mean by talking about traffic in human flesh?—Does he (Henderson) think that niggers are human, that they are flesh and blood like ourselves? Why, if John Randolph believed that niggers were human, no matter in however slight a degree, this convention would not find John Randolph on the floor of the hall advocating slavery. No! if he thought that niggers were human flesh and blood, possessed of human feelings, affections and thoughts, having an immortal soul; John Randolph would be an abolitionist! What? buy and sell our own flesh and blood? Trade in human souls? No! no! gentlemen; he believed in no such sickly stuff as that; and for gentlemen affecting to hold that slavery was abstractly right, and put themselves forward as advocates of Southern rights, to talk about the "traffic in human flesh and blood", was simply balderdash. He didn't believe niggers to be human any more than a horse or a dog. If he did he should advocate their right to freedom.

A nigger, he held, was an animal—a cross between the baboon and the man, and he could prove his doctrine by chapter and verse, and by the niggers themselves. Did they look like a white man? Was not their hair woolly, lips thick, nose flat, skull thick—and couldn't any anatomist tell the bones of a nigger from those of any human being. He held that niggers were animals, but a little more intelligent than a dog, and but one remove from the baboon, and he hoped gentlemen would not talk such nonsense as "the traffic in human flesh and blood disgracing our fair soil" again. He should vote against the amendment, because he did not want nigger traders to have the opportunity to bring here all the vicious and diseased niggers with which the South was overrun.

Important from Kansas.

[Special Correspondence of the Missouri Democrat.]

LEAVENWORTH CITY, Nov. 7, 1857.

The bogus constitutional convention had about concluded its deliberations on the 6th, and it was thought probable that it would adjourn on the ensuing day. The constitution that has been adopted, is pre-eminently pro-slavery, endorsing the Dred Scott decision, fugitive slave law, &c.

On the pro-slavery clause, there were but *four* dissenting votes. This clause is all that will be submitted to the people. No chance is to be allowed them to "vote down" the constitution.

Amongst other ridiculous provisions is one providing that the governor of Kansas shall have been a citizen of the United States *twenty* years, and of Kansas *five* years.

The proposition of establishing a provisional government was before the convention, and it was thought by many that steps would be taken to this end, so as to destroy the efficacy and existence of the free state legislature.

If this foul play is attempted there will be trouble in Kansas. The people are ready for anything, and if other strokes are planned at their rights and liberties, serious consequences will ensue. They are not to be trifled with longer.—The indignation against the usurpers' convention is deep and wide spread, and too much goading will arouse a thundering storm in the territory that cannot easily be suppressed. The convention look to the next Congress for an endorsement of their proceedings; let them be outrageous as they may. In this they may or may not be mistaken; but of this we are assured, that no power under the canopy of heaven—bogus conventions, congresses, federal governments, or federal bayonets—can force the people of Kansas to accept a constitution framed and adopted by such a convention as that which recently sat in blasphemous mockery, at the town of Lecompton.

At last accounts Gov. Walker was at Leavenworth, and a rumor was there current that he had, in conjunction with George Sanders, purchased several hundred acres of the Fort Leavenworth military reservation at a nominal figure.—If this be correct we shall undoubtedly have another Fort Snelling swindle to record. Walker is opposed to the constitutional convention, as Calhoun, the leading spirit and presiding officer, is openly hostile to him.

There was some talk of having a special session of the newly elected Legislature, and Walker had signified his willingness to call them together if such was their desire. It was uncertain whether this action would be resolved upon.

Emigration is flocking to the territory, and the "hard times" had not been felt to any extent.—Leavenworth is progressing finely, and begins to wear the air of a substantial city.

Although everything is at present quiet in the territory, there is no telling how long it will last. It is probable that the free state party will soon hold a convention, to decide upon the best policy to pursue in reference to the bogus pro-slavery constitution. The affairs of Kansas are yet far from settled.

Gov. Walker and Judge Cato have had a set-to upon the election frauds. Cato did not reason as well as his classic namesake and gave up the fight, but not until he had issued a mandamus calling upon Walker to give certificates to the parties elected by the fraudulent votes of Oxford and McGee. The governor and his secretary made a long reply to this document of Cato's.—They gave eleven reasons, and apparently good ones, why they could not obey the writ. They close by saying:

"The undersigned beg leave further to state, that if the said judge should command them to issue certificates of election as aforesaid, and should deem it his duty to subject them to imprisonment for disobeying his order, as they would be compelled to do their conviction of its usurpation and nullity, and because the certificates before the date of said rule or order had already been issued to other persons, such is their desire to maintain the peace of this territory, that they will submit individually to such imprisonment, and if any tumult should be apprehended by said judge, in consequence of the monstrous frauds which have been perpetrated upon the elective franchise in the recent election, the governor will direct the regular troops of the United States, now here and subject to his order, to act as a *posse comitatus* in aid of the sheriff or marshal, who may be directed by said judge to execute said mandate of imprisonment."

THE ORIGIN OF THE INDIA INSURRECTION.—Various theories are maintained of the origin and causes of the revolt of the native population in India. Mr. Xavier Ramond, a distinguished French writer, in the course of a series of articles on the subject of the insurrection, published in the Journal des Debats, maintains the following opinion on its source and object. Should this assumption prove to be well-founded, it gives to the war in which the Indian Company and the British nation find themselves involved, a far less formidable character than if the revolt in its origin was a national one, excited by religious or patriotic feeling. In this view of the movement it assumes the character of a mutiny, which with the formidable force the British government is bringing into the field, seems likely to be speedily suppressed. If so suppressed, it will leave the British dominion in India established on a far firmer basis than ever before:

"We still believe that these events are solely the consequences of a military conspiracy, in which the Sepoys have alone taken part, and which had no other aim than to place the splendid pay and emoluments of the English officers in the hands of their subadars and jemadras. We detect no traces of fanaticism, in spite of the cartridge question, and we observe no indication of the slightest shadow of patriotism. At the same time, no sympathy for the movement has been manifested by the population. The indifference with which the latter has contemplated passing events is most remarkable, and ought to furnish matter of reflection to those who persist in attributing the Sepoy revolt to a national movement. Since the Sepoys have been masters of all the provinces which composed the Vice-Presidency of Agra, inhabited by 40 or 50 million souls, not a single levy of men or money has been made, not a band of volunteers has been organized, not a single town or village even of those occupied by the insurgents, has proved by a sign or a step that it has joined the movement."

FIRE IN BARABOO—POTTERY DESTROYED.—The pottery establishment belonging to Messrs. Martin & Card in this village was entirely destroyed by fire, with the exception of the kiln, about 2 o'clock on Sunday morning last. The actual loss is about $3,000, of which 2,000 is insured in the Peori Insurance Company; but their loss caused by being thrown out of business will considerably augment this sum. It is feared that the season will be so far advanced before the recovery of the insurance as to prevent their re-building before spring.—*Republic.*

KENOSHA COUNTY.—By the annual table of assessed and equalized valuation of the State, we find the valuation of this county to be $4,950,000 and the tax 9,900. There are only ten counties in the State that exceed this amount. This, we think, for the small county of Kenosha speak volumes for her wealth, industry and enterprise.—*Kenosha Telegraph.*

MORE GOLD FROM THE MISSOURI.—The steamer Hesperian, in yesterday from Missouri river, had her safe full of gold, consigned to merchants of this city. The amount was supposed, by the clerk, to be about one hundred thousand dollars.—*St. Louis Dem.*

An Ideal Farm.

Mr Everett concluded his address before the New York State Agricultural Society at Buffalo with the following masterly portraiture of a perfect farm:

One more suggestion, my friends, and I relieve your patience. As a work of art, I know few things more pleasing to the eye, or more capable of affording scope and gratification to a taste for the beautiful, than a well situated, well cultivated farm. The man of refinement will hang with never-wearied gaze on a landscape by Claude or Salvator; the price of a selection of the most fertile land in the West would not purchase a few square feet of the canvas on which these great artists have depicted a rural scene. But nature has forms and proportions beyond the painter's skill; her divine pencil touches the landscape with living lights and shadows, never mingled on his pallet. What is there on earth which can more entirely charm the eye or gratify the taste than a noble farm?—It stands upon a southern slope, gradually rising with variegated ascent from the plain, sheltered from the northwestern winds by woody heights, broken here and there with the moss covered boulders, which impart variety and strength to the outline. The native forest has been cleared for the greater part of the farm, but a suitable portion, carefully tended, remains in wood for economical purposes, and to give picturesque effect to the landscape. The eyes range round three-fourths of the horizon over a fertile expanse—bright with the cheerful waters of a rippling stream, a generous river, or a gleaming lake—dotted with hamlets, each with its modest spire—and, if the farm lies in the vicinity of the coast, a distant glimpse from the high grounds, of the mysterious, everlasting sea, completes the prospect. It is situated off the high road, but near enough to the village to be easily accessible to the church, the school-house, the post office, the railroad, a social neighborhood, or a travelling friend. It consists in due proportion of pasture and tillage, meadow and woodland, field and garden.

A substantial dwelling, with everything for convenience and nothing for ambition, with the fitting appendages of stable, and barn, and corn barn, and other farm buildings, not forgetting a spring-house, with a living fountain of water—occupies, upon a gravelly knoll, a position well chosen to command the whole estate. A few acres on the front, and on the sides of the dwelling, set apart to gratify the eye with the choicer forms of rural beauty, are adorned with a stately avenue, with noble solitary trees, with graceful clumps, shady walks, a velvet lawn, a brook murmuring over a pebbly bed, here and there a grand rock, whose cool shadow at sunset across the field, all displaying, in the real loveliness of nature, the original of those landscapes of which art in its perfection strives to give us the counterfeit presentment. Animals of select breed, such as Paul Potter, and Morland and Landseer, and Rosa Bonheur never painted, roam the pastures, or fill the hurdles and the stalls; the plow walks in rustic majesty across the plain, and opens the genial bosom of the earth to the sun and air; nature's holy sacrament of seed-time is solemnised beneath the vaulted cathedral sky; silent dews, and gentle showers, and kindly sunshine shed their sweet influence on the teeming soil; springing verdure clothes the plain; golden wavelets, driven by the west wind, run over the joyous wheat field; the tall maize flaunts in her crispy leaves and nodding tassels—while we labor and while we rest, while we wake and while we sleep, God's chemistry, which we cannot see, goes on beneath the clods; myriads and myriads of vital cells ferment with elemental life; germ and stalk, and leaf and flower, and silk and tassel, and grain and fruit, grow up from the common earth—the mowing machine and reaper—mute rivals of human industry—perform their gladsome task; the well piled wagons bring home the ripened treasures of the years; the bow of promise fulfilled spans the foreground of the picture, and the gracious covenant is redeemed, that, while the earth remaineth, summer and winter, and heat and cold, and day and night, and seed-time and harvest, shall not fail.

"The Way to Make All Straight."

The public all, they frankly state
M. & P. go the way to make all straight;
And all who judge impartially may see
That M. & P. and the public well agree.
Buy M. & P.'s Tea, and put it to the test,
And you'll pronounce the leaf to be the best.
The *cousin to the moon*, who reigns in China,
Has never had a chance of tasting finer,
And his Celestial Majesty, no doubt,
Partakes of none but what is "out and out."
The Teas of M. & P., being thus first rate,
Cause no complaints at all, but make all straight.
M. & P.'s coffees (as you're often told,)
Will bear comparison with any sold.
If you are "queer" in stomach, nerves or pate,
This wholesome coffee soon will make all straight.
No cheaper articles can any buy,
Than those which M. & P. offer to supply.
This fact with perfect confidence I state,
In telling you how M. & P. make all straight.

CALEB WALL'S ADV'TS

CITY AUCTION ROOM.

City Auction Room.

GREAT SALES of Dry Goods and Clothing are going off every day and every evening. Now is the time to save money. Goods by the thousand and tens of thousands are selling at auction from day to day. Attend everybody. oct28 CALEB WALL.

City Auction Room.

IMPORTANT TO THE LADIES.

I HAVE JUST OPENED an invoice of goods which are too good to sell at auction; I therefore will sell them at private sale, at 20 ⅌ cent less than what they are worth, and 30 ⅌ cent less than you can purchase them in the city. The goods consist of White Shaker Flannels, Colored Flannels, Twilled Flannels, some French Merinoes, some all wool Delaines, Silk Velvets, &c. The assortment is not very large, but what there is is of superior quality.

I have also just opened, one case, consisting of twelve Ladies' Fall and Winter Cloaks, latest style, to be sold at great bargains. oct6 CALEB WALL.

City Auction Room.

ANY ONE who has a good stock of Dry Goods, I will trade Pine Lake Farm for them, with all its stock, furniture, &c., and if the stock of goods is very large and is worth more than the farm, I will pay the balance in money. Or I will exchange said farm for good improved city property, or I will sell the said farm for good mortgages, running 1, 2, 3 years, or I will exchange said farm for Railroad stock. Here is a great chance for some one to get a good home, one and a half hours ride on the cars from the city, with everything that one's heart should desire, with a good house and splendid barn, which would rent in Milwaukee for six hundred dollars a year. CALEB WALL.

N. B.—If the said farm is not sold in thirty days, I want a good, honest, quiet man and his wife to take care of said farm and all the stock through the winter, and probably when the spring comes I may conclude to keep the farm. So a chance for some one to get a comfortable home for the winter. I do not care what country they are from, but will require good references. oct6 CALEB WALL.

OGDEN & WALL, CITY LAND OFFICE.

HOUSES TO RENT.

WE have some very desirable houses to rent near the business part of the city. Rent reasonable. OGDEN & WALL, oct25 City Land Office.

City Auction Room.

GREAT CHANCE

For some one to purchase one of the BEST FARMS in the state of Wisconsin, on very easy terms.

PINE LAKE FARM

I now offer the Premium Farm of this State, containing 252 acres, on Pine Lake, running 3-4 of a mile along said Lake. The improvements of said Farm are very superior. A beautiful Swiss Cottage, containing seven rooms, a carpenter shop, ice house, a good tenant's house, a splendid barn, a large and thriving apple orchard, plumbs, about half an acre of strawberries, Raspberries, &c.

54 acres of said farm is under plow. The said premises will be sold on very easy terms, together with the stock, furniture &c., as follows: Two first rate horses, five cows, 2 calves, 1 wagon and hay-rack, thirty tons of hay, four hundred bushels of oats, two hundred bushels of corn, one hundred bushels of potatoes, all the garden materials, such as turnips, tomatoes, sweet corn, about fifty bushels of fall and winter apples, and various other fruits and vegetables too numerous to mention.

AN AIR LINE.

CINCINNATI TO

Passengers, observe particularly, this line is the shortest and has the right, by resolution of the Railroad Convention at Cleveland, to fix the fare between Cincinnati and all Eastern cities. Passengers may, therefore, rely on the Fare by this Route being as low as by any other, because all the other routes are governed by this.

Passengers from Chicago taking the Cincinnati Express Train on the Michigan Central Railroad, will arrive at Cincinnati in season to connect with the fast Express Train on this road and thus go through without detention.

Dr. BARNES takes pleasure in announcing to the citizens of Milwaukee and other places, that his office is at No. 12 Wisconsin Street.

LESSONS IN
Foreign Languages.

MR. AND MRS. L. S. S. DE CRETY, from Paris, for four years past instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in the French, Italian and Spanish Languages on the 1st of September next. The course of instruction will be according to the age and intelligence of the pupils, and the classes kept entirely separate, their house being arranged with that view.

Gentlemen and ladies who begin to speak either of these languages, can receive lessons in Reading and Conversation, Mr. DE CRETY furnishing books of the best French authors. Those too wishing to learn vocal music in either of those languages, will find a competent music teacher in the establishment.

The hours of instruction will be from 8 to 11 o'clock A. M., and from 2 to 5 P. M.. And in the evening from half past 6 to 8, for conversation.

Mr. DE CRETY will also give lessons in French, Spanish and Italian, at his office, to gentlemen only, from 7 to 10 o'clock in the evening, as also lessons in Fencing, the use of the Sword, and all military exercises. Persons of delicate constitution and feeble temperament, as also those confined to their offices and engaged in sedentary pursuits, will derive from these exercises, improvement in their health, acquire strength in their limbs and find an agreeable recreation.

Mr. De Crety will also form similar classes for children, from 10 to 16 years old, at his house, or office, as parents may prefer. Fathers and mothers who desire to see their children strong, active and robust, can judge for themselves, after a few weeks trial, as to the effect of these different exercises upon their health.

The continued patronage of the public is respectfully solicited.

TO MERCHANTS.—Mr. DE CRETY will take charge of French correspondence to all the principal cities of France and will procure all Price Currents that they may want.

ROXBURY, Mass.

DEAR MADAM:—The reputation of the Medical Discovery, in curing all kind of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skilful physicians and the most careful Druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of those diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother

NURSING SORE MOUTH,

is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to your husband and household.

In the more advanced stages of

CANKER

it extends to the stomach, causing

DYSPEPSIA,

which is nothing but canker on the stomach; then to the intestines and

KIDNEYS,

creating a sinking, gone feeling, and an indifference even to the cares of your family.

Your stomach is

RAW AND INFLAMED,

your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonous fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to

CURE;

Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip-joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases the

PILES.

How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the

MEDICAL DISCOVERY

you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly,
DONALD KENNEDY.

THE LIVER
INVIGORATOR!
PREPARED BY DR. SANFORD.

SANFORD'S INVIGORATOR

IS A GREAT SCIENTIFIC Medical discovery, and is daily working cures, almost too great to believe. It cures as if by magic, even the first dose giving benefit, and seldom more than one bottle is required to cure any kind of Liver Complaint, from the worst Jaundice or Dyspepsia to a common headache, all of which are the result of a diseased Liver.

The Liver is one of the principal regulators of the human body, and when it performs its functions well the powers of the system are fully developed. The stomach is almost entirely dependent on the healthy action of the Liver for the proper performance of its functions when the stomach is at fault, the bowels are at fault, and the whole system suffers in consequence of one organ—the Liver—having ceased to do its duty. For the diseases of that organ, one of the proprietors has made it his study, in a practice of more than twenty years, to find some remedy wherewith to counteract the many derangements to which it is liable.

To prove that this remedy is at last found, any person troubled with Liver Complaint in any of its forms, has but to try a bottle, and conviction is certain.

A compound has been formed by dissolving gums and extracting that part which is soluble for the active virtues of the medicine. These gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, purifying the blood, giving tone and health to the whole machinery removing the causes of the disease, and effecting a radical cure without any of the disagreeable after effects, felt by using CALOMEL or MINERAL Poison that is usually resorted to.

One dose after eating is sufficient to relieve the stomach, and prevent the food from rising and souring.

Only one dose taken before retiring prevents nightmare.

Only one dose taken at night loosens the bowels gently, and cures costiveness.

One dose taken after each meal will cure Dyspepsia.

☞ One dose of 2 teaspoonfuls will always relieve Sick Headache.

One bottle taken for female obstruction removes the cause of the disease, and makes a perfect cure.

Only one dose immediately relieves Cholic, while

One dose often repeated is a sure cure for Cholera Morbus, and a preventive of Cholera.

One dose taken often will prevent the recurrence of BILLIOUS ATTACKS, while it relieves all painful feelings.

☞ Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for JAUNDICE removes all yellowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite, and makes food digest well.

One dose often repeated cures Chronic Diarrhoea in its worst forms, while summer and bowel complaints yield almost to the first dose.

One or two doses cures attacks caused by worms, while for worms in children, there is no surer, safer, or speedier remedy in the world, as it never fails.

There is no exaggeration in these statements; they are plain sober facts, that we can give evidence to prove, while all who use it are giving their unanimous testimony in its favor.

We take infinite pleasure in recommending this medicine as a preventive for Fever and Ague, Chill Fever, and all Fevers of a Billious Type. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

Among the hundreds of Liver Remedies now offered to the public, there are none we can so fully recommend as Dr Sanford's Invigorator, so generally known now throughout the Union. This preparation is truly a Liver Invigorator, producing the most happy results on all who use it. Almost innumerable certificates have been given of the great virtue of this medicine, by those of the highest standing in society, and we know it to be the best preparation before the public.—*Hudson County Democrat.*
